Globe Concept

Ergonomic design for modern thinking

Peter Opsvik

"Conventional workplaces will be challenged by compact units that better suits our new, more flexible and IT-driven way of working"

The Globe Concept is developed by the Norwegian designer Peter Opsvik, renowned for the classic high chair Tripp Trapp, the office chair Capisco and the revolutionary Balans concept.

The chairs are available in three versions and they are designed with ergonomics and function in mind. The chairs has a roll-on - roll-off function thats fits most people without the need for complicated adjustments.
